Internship offer letter:

Dear Mr. Shouvik Sunil Sharma,

Daten Solutions is elated to inform you that you have been selected for the 2021 Spring internship program continuing to work as Data Science Intern from **Dec 21, 2020** to **May 15, 2021**, for this internship you will be working remotely. You will be working under the direction of Raj Pulagala and are expected to work **20 hours** per week, and you will receive a pay of **\$20** per hour.

During your time working as Data Science Intern, you are responsible for analyzing the data, building predictive modeling, creating data visualization, and presenting the analysis. The company uses a variety of languages and technology tools as part of typical day to day operations and are as below:

Analytical tools, programming languages and databases you would be using are:

- SQL programing language
- R Software
- Python
- AWS technologies
- Snowflake
